Department of Transportation -- Federal Aviation Administration

Supplemental Type Certificate

Number ST02378AT

This certificate issued to

Star Aviation, Inc.
1301 Azalea Road
Mobile, AL 36693

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified herein meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product--Type Certificate Number: A16WE
Make: Boeing
Model: 737-700
737-800

Description of Type Design Change: Installation of a modular electronics equipment rack that replaces the original E6 equipment rack in the lower aft cargo compartment in accordance with Star Aviation, Inc., Master Data List No. R-53-D99-0055, Revision H, dated October 26, 2001, or later FAA approved revision.

Limitations and Conditions: Star Aviation Report No. R-53-D99-0058, "Instructions for Continued Airworthiness", dated August 13, 2001, or later approved FAA approved revision is a required part of this STC and is to be included in the operator's Aircraft Maintenance Manual and Aircraft Scheduled Maintenance Program. The installer must determine compatibility of this design change with other previously approved modifications. If the holder of this STC agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 22, 2000

Date reissued:

Date of issuance: October 29, 2001

Date amended:

By direction of the Administrator
